From the Principal’s Desk

Last week at the School Development Day, our staff combined with the schools in the Morley School Network for a really interesting and informative keynote presentation focusing on the things we do at school which make the biggest difference to successful student learning. We then went to concurrent sessions on a variety of topics.

Walk to School Day
Our walk to school day will be held this Friday. Students and staff will meet at Bayswater Waves and walk to school together whilst some staff members are preparing a yummy healthy breakfast for students to have on their arrival.

Foodbank
Please remember to bring in cans of any food to help the Foodbank Winter Appeal.

This Thursday we have some visitors from the Education Department who will be looking at our excellent Early Childhood Classrooms from Kindy to Year 2. This is part of the National Quality Standards Verification.

This Friday, Interschool Football and Netball will be held at West Morley Primary School starting at 1.30pm.

We have six of these tables which we do not need. If you are interested in having one, please let either Chris or myself know.

SUSTAINABILITY NEWS

With winter now upon us now is a great time to begin planting a variety of flowering plants and crops. The raised garden beds in the quadrangle area now have beans courtesy of Room 5 while Pre-Primary and Room 6 have both planted potatoes.

We will shortly be getting our quadrangle resurfaced. This and the marking out of netball/basketball courts etc. will mark the end of this process and will allow us to look further at the garden area near Rooms 6 to 9 as well as the grassed area near the undercover area. Many great ideas have been suggested so far and we encourage more so stay tuned for further announcements.

Captain Clean-up’s visit to Embleton Primary School along with our Cleanaway incursion have provided important information behind the recycling process and the need to look after our environment for future generations for our students. Students from Embleton are keen to put these ideas into practice.

Following the school garden visit by Mr Baldwin and Mrs Catellani, Mrs Atkins will shortly be visiting another school to look at how they have gone about the process of setting up their school’s kitchen garden.
